DURAPAK COW MAT

Interlocking and straight edge design. Made from a natural rubber compound that ensures cow comfort, promoting higher daily milk yields. Suitable for DIY installation with an easy-to-clean top surface.

L: 1830mm
W: 1150mm
T: 25mm
Pallet: 42

Features:

- hammer top anti-slip finish
- internal honeycomb structure for increased cow comfort
- hammer top finish is non-porous or abrasive
- sloped profile at the rear

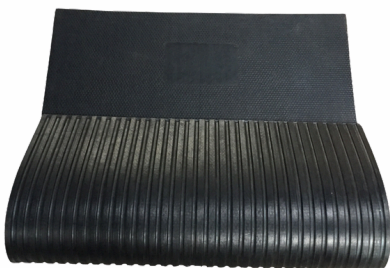

DURAPAK STANDARD MAT

The Durapak Standard Mat offers excellent comfort for sucklers, dry cows, heifers, and various other uses. Made from a natural rubber compound with a stud profile on the underside, it is ideal for DIY installations and has an easy-to-clean top surface.

L: 1830mm
W: 1150mm
T: 18mm
Pallet: 50

Features:

- high quality straight edge multi-purpose mat
- hammer top anti-slip finish
- stud profile underneath
- hammer top finish is non-porous or abrasive
- sloped profile at the rear

DURAPAK STABLE MAT

The Durapak Stable Mat is perfect for stable floors, particularly for horses that spend most of their time indoors. The mat provides a warm and comfortable surface, reducing the need for additional bedding. It is also suitable for DIY installation.

L: 1830mm
W: 1220mm
T: 18mm
Pallet: 37

Features:

- high quality straight edge mat
- anti-slip hammer top finish
- bottom groove for drainage
- versatile for various flooring applications
